PROFESSIONAL OVERVIEW

M.Pharmacy fresher with hands-on experience as a Quality Assurance Auditor in psychotropic medication management and psychiatric documentation review. Skilled in reviewing clinical records for regulatory compliance, identifying documentation gaps, and preparing audit reports with corrective action recommendations. Known for strong communication skills, willingness to work under pressure, and the ability to complete difficult assignments efficiently and effectively. Combines a solid foundation in pharmaceutical analysis with practical exposure to healthcare quality assurance and compliance auditing.

WORK EXPERIENCE

Quality Assurance Auditor | PiFi Services, LLC *September 2024 – April 2026*

- Conducted quality assurance audits of psychotropic medication management and psychiatric diagnosis documentation
- Reviewed clinical records to ensure compliance with regulatory requirements, organizational policies, and documentation standards, including HIPAA guidelines for patient privacy and protected health information (PHI)
- Evaluated the accuracy and completeness of psychotropic medication prescribing, monitoring, and follow-up processes
- Audited diagnostic coding and mental health documentation for consistency and adherence to clinical guidelines
- Identified documentation gaps, compliance risks, and quality improvement opportunities, providing detailed audit findings and recommendations
- Maintained strict confidentiality of sensitive psychiatric and medication records in accordance with HIPAA standards throughout the audit process
- Collaborated with healthcare professionals and stakeholders to support quality improvement initiatives and maintain audit standards
- Prepared detailed audit reports and maintained accurate records of findings and corrective actions to improve documentation accuracy and patient care quality
